

SALAT ABDULLAHI ISSAK

PROFESSIONAL SUMMARY

I hold a degree in Computer Science and currently work as an ICT Officer. I have a profound passion, which is steadily transforming into expertise, for cybersecurity. My professional trajectory is guided by this passion and the sustained promise of the field. I have built a solid technical foundation in systems and network administration. I have also earned significant cybersecurity training, including IBM's Cybersecurity Fundamentals and a Certified Ethical Hacker credential. I possess particular proficiency in finding weak points, executing secure management of IT systems, and ensuring that technology solutions are in sync with the aims of an organization. I keep up with the trends and threats in cybersecurity, and I'm always expanding my competencies in penetration testing, risk management, and digital forensics. I'm an optimistic, driven professional seeking opportunities to grow within the cybersecurity space. Whether protecting infrastructure, enhancing security protocols, or engaging in ethical hacking, I bring enthusiasm, critical thinking, and a commitment to continuous learning.

 Areas of Interest: Cybersecurity Enthusiast | Ethical Hacking | Network Security | ICT Support | NMAP | Vulnerability assessment | Soc Analyst Aspirant.
